Technical Drawing

Features and Benefits

Timber-style flush finish

The sash sits level with the frame on the inside, providing a timber-inspired flush appearance suited to heritage or design-led projects.

Construction & performance

Designed to support strength, thermal performance and weather resistance. Can be used in a range of external door applications

PAS 24 compliant

Designed to meet modern security standards, with reinforced frames and compatible locking systems.

Design flexibility

Available in a wide range of colour foils, with low thresholds and hardware to suit any style.
