## 70mm DIAMOND SUITE WITH RIG EXTERNALLY GLAZED WINDOW FEATURED

Re-create the traditional look of timber windows, with Duraflex Diamond Featured Suite. As an integrated 70mm system, it not only looks good, due to the seamless sightlines, it is easy to install particularly in refurbishment projects. Security is not compromised, hardware can be specified according to the needs of each individual project. Complying with BS 7950 and BS 7413 this window is cost effective, secure and easy to install with a great deal of 'kerb side appeal'.

the natural choice

# specification
